Aims

Our school aims to ensure that all personal data collected about staff, pupils, parents, governors, visitors and other individuals is collected, stored and processed in accordance with UK data protection law.

This policy applies to all personal data, regardless of whether it is in paper or electronic format.

Legislation and guidance

This policy meets the requirements of the:

➤ UK General Data Protection Regulation (UK GDPR) – the EU GDPR was incorporated into UK legislation, with some amendments, by [The Data Protection, Privacy and Electronic Communications \(Amendments etc\) \(EU Exit\) Regulations 2020](#)

➤ [Data Protection Act 2018 \(DPA 2018\)](#)

It is based on guidance published by the Information Commissioner's Office (ICO) on the [GDPR](#). It also reflects the ICO's [code of practice](#) for the use of surveillance cameras and personal information. In addition, this policy complies with our funding agreement and articles of association.

3. Definitions

TERM	DEFINITION
Personal data	<p>Any information relating to an identified, or identifiable, living individual.</p> <p>This may include the individual's:</p> <ul style="list-style-type: none">➤ Name (including initials)➤ Identification number➤ Location data➤ Online identifier, such as a username <p>It may also include factors specific to the individual's physical, physiological, genetic, mental, economic, cultural or social identity.</p>

Special categories of personal data	<p>Personal data which is more sensitive and so needs more protection, including information about an individual's:</p> <ul style="list-style-type: none"> ➤ Racial or ethnic origin ➤ Political opinions ➤ Religious or philosophical beliefs ➤ Trade union membership ➤ Genetics ➤ Biometrics (such as fingerprints, retina and iris patterns), where used for identification purposes ➤ Health – physical or mental ➤ Sex life or sexual orientation
Processing	<p>Anything done to personal data, such as collecting, recording, organising, structuring, storing, adapting, altering, retrieving, using, disseminating, erasing or destroying.</p> <p>Processing can be automated or manual.</p>
Data subject	The identified or identifiable individual whose personal data is held or processed.
Data controller	A person or organisation that determines the purposes and the means of processing of personal data.
Data processor	A person or other body, other than an employee of the data controller, who processes personal data on behalf of the data controller.
Personal data breach	A breach of security leading to the accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to, personal data.

The data controller

The Sovereign Trust processes personal data relating to parents, pupils, staff, governors, visitors and others, and therefore is a data controller.

The Trust is registered with the Information Commissioners Office, as legally required.

Roles and responsibilities

This policy applies to **all staff** employed by our school, and to external organisations or individuals working on our behalf. Staff who do not comply with this policy may face disciplinary action.

Board of Directors

The Board has overall responsibility for ensuring that our schools comply with all relevant data protection obligations.

Data protection officer

The data protection officer (DPO) is responsible for overseeing the implementation of this policy, monitoring our compliance with data protection law, and developing related policies and guidelines where applicable.

They will provide an annual report of their activities directly to the governing board and, where relevant, report to the board their advice and recommendations on school data protection issues.

The DPO is also the first point of contact for individuals whose data the school processes, and for the ICO. Full details of the DPO's responsibilities are set out in their job description.

The name and contact details of our DPO are included in the "Contact Us" page of our website:
<https://www.thesovereigntrust.uk/contact-us/>

Headteacher

The headteacher acts as the representative of the data controller on a day-to-day basis.

All staff

Staff are responsible for:

Collecting, storing and processing any personal data in accordance with this policy
Informing the school of any changes to their personal data, such as a change of address
Contacting the DPO in the following circumstances:

- With any questions about the operation of this policy, data protection law, retaining personal data or keeping personal data secure
- If they have any concerns that this policy is not being followed
- If they are unsure whether or not they have a lawful basis to use personal data in a particular way
- If they need to rely on or capture consent, draft a privacy notice, deal with data protection rights invoked by an individual, or transfer personal data outside the UK
- If there has been a data breach
- Whenever they are engaging in a new activity that may affect the privacy rights of individuals
- If they need help with any contracts or sharing personal data with third parties

Data protection principles

The UK GDPR is based on data protection principles that our school must comply with. The principles say that personal data must be:

Processed lawfully, fairly and in a transparent manner

Collected for specified, explicit and legitimate purposes

Adequate, relevant and limited to what is necessary to fulfil the purposes for which it is processed

Accurate and, where necessary, kept up to date

Kept for no longer than is necessary for the purposes for which it is processed

Processed in a way that ensures it is appropriately secure

This policy sets out how the school aims to comply with these principles.

Collecting personal data

Lawfulness, fairness and transparency

We will only process personal data where we have one of 6 'lawful bases' (legal reasons) to do so under data protection law:

The data needs to be processed so that the school can **fulfil a contract** with the individual, or the individual has asked the school to take specific steps before entering into a contract

The data needs to be processed so that the school can **comply with a legal obligation**

The data needs to be processed to ensure the **vital interests** of the individual or another person i.e. to protect someone's life

The data needs to be processed so that the school, as a public authority, can **perform a task in the public interest or exercise its official authority**

The data needs to be processed for the **legitimate interests** of the school (where the processing is not for any tasks the school performs as a public authority) or a third party, provided the individual's rights and freedoms are not overridden

The individual (or their parent/carer when appropriate in the case of a pupil) has freely given clear **consent**

For special categories of personal data, we will also meet one of the special category conditions for processing under data protection law:

The individual (or their parent/carer when appropriate in the case of a pupil) has given **explicit consent**

The data needs to be processed to perform or exercise obligations or rights in relation to **employment, social security or social protection law**

The data needs to be processed to ensure the **vital interests** of the individual or another person, where the individual is physically or legally incapable of giving consent

The data has already been made **manifestly public** by the individual

The data needs to be processed for the establishment, exercise or defence of **legal claims** The data needs to be processed for reasons of **substantial public interest** as defined in legislation

The data needs to be processed for **health or social care purposes**, and the processing is done by, or under the

direction of, a health or social work professional or by any other person obliged to confidentiality under law

The data needs to be processed for **public health reasons**, and the processing is done by, or under the direction of, a health professional or by any other person obliged to confidentiality under law

The data needs to be processed for **archiving purposes**, scientific or historical research purposes, or statistical purposes, and the processing is in the public interest

For criminal offence data, we will meet both a lawful basis and a condition set out under data protection law. Conditions include:

The individual (or their parent/carer when appropriate in the case of a pupil) has given **consent**

The data needs to be processed to ensure the **vital interests** of the individual or another person, where the individual is physically or legally incapable of giving consent

The data has already been made **manifestly public** by the individual

The data needs to be processed for or in connection with legal proceedings, to obtain legal advice, or for the establishment, exercise or defence of **legal rights**

The data needs to be processed for reasons of **substantial public interest** as defined in legislation

Whenever we first collect personal data directly from individuals, we will provide them with the relevant information required by data protection law.

We will always consider the fairness of our data processing. We will ensure we do not handle personal data in ways that individuals would not reasonably expect, or use personal data in ways which have unjustified adverse effects on them.

Limitation, minimisation and accuracy

We will only collect personal data for specified, explicit and legitimate reasons. We will explain these reasons to the individuals when we first collect their data.

If we want to use personal data for reasons other than those given when we first obtained it, we will inform the individuals concerned before we do so, and seek consent where necessary.

Staff must only process personal data where it is necessary in order to do their jobs.

We will keep data accurate and, where necessary, up-to-date. Inaccurate data will be rectified or erased when appropriate.

In addition, when staff no longer need the personal data they hold, they must ensure it is deleted or anonymised. This will be done in accordance with the school's record retention schedule.

Sharing personal data

We will not normally share personal data with anyone else without consent, but there are certain circumstances where we may be required to do so. These include, but are not limited to, situations where:

There is an issue with a pupil or parent/carer that puts the safety of our staff at risk. We need to liaise with other agencies – we will seek consent as necessary before doing this

Our suppliers or contractors need data to enable us to provide services to our staff and pupils – for example, IT companies. When doing this, we will:

- Only appoint suppliers or contractors which can provide sufficient guarantees that they comply with UK data protection law
- Establish a contract with the supplier or contractor to ensure the fair and lawful processing of any personal data we share

- Only share data that the supplier or contractor needs to carry out their service

We will also share personal data with law enforcement and government bodies where we are legally required to do so.

We may also share personal data with emergency services and local authorities to help them to respond to an emergency situation that affects any of our pupils or staff.

Where we transfer personal data internationally, we will do so in accordance with UK data protection law.

Subject access requests and other rights of individuals

Subject access requests

Individuals have a right to make a 'subject access request' to gain access to personal information that the school holds about them. This includes:

Confirmation that their personal data is being processed

Access to a copy of the data

The purposes of the data processing

The categories of personal data concerned

Who the data has been, or will be, shared with

How long the data will be stored for, or if this isn't possible, the criteria used to determine this period

Where relevant, the existence of the right to request rectification, erasure or restriction, or to object to such processing

The right to lodge a complaint with the ICO or another supervisory authority

The source of the data, if not the individual

Whether any automated decision-making is being applied to their data, and what the significance and consequences of this might be for the individual

The safeguards provided if the data is being transferred internationally

Subject access requests can be submitted in any form, but we may be able to respond to requests more quickly if they are made in writing and include:

Name of individual

Correspondence address

Contact number and email address

Details of the information requested

If staff receive a subject access request in any form they must immediately forward it to the DPO.

Children and subject access requests

Personal data about a child belongs to that child, and not the child's parents or carers. For a parent or carer to make a subject access request with respect to their child, the child must either be unable to understand their rights and the implications of a subject access request, or have given their consent.

Children below the age of 12 are generally not regarded to be mature enough to understand their rights and the

implications of a subject access request. Therefore, most subject access requests from parents or carers of pupils at our school may be granted without the express permission of the pupil. This is not a rule and a pupil's ability to understand their rights will always be judged on a case-by-case basis.

Children aged 12 and above are generally regarded to be mature enough to understand their rights and the implications of a subject access request. Therefore, most subject access requests from parents or carers of pupils at our school may not be granted without the express permission of the pupil. This is not a rule and a pupil's ability to understand their rights will always be judged on a case-by-case basis.

Responding to subject access requests

When responding to requests, we:

- May ask the individual to provide 2 forms of identification

- May contact the individual via phone to confirm the request was made

- Will respond without delay and within 1 month of receipt of the request (or receipt of the additional information needed to confirm identity, where relevant)

- Will provide the information free of charge

- May tell the individual we will comply within 3 months of receipt of the request, where a request is complex or numerous. We will inform the individual of this within 1 month, and explain why the extension is necessary

We may not disclose information for a variety of reasons, such as if it:

- Might cause serious harm to the physical or mental health of the pupil or another individual

- Would reveal that the child is being or has been abused, or is at risk of abuse, where the disclosure of that information would not be in the child's best interests

- Would include another person's personal data that we can't reasonably anonymise, and we don't have the other person's consent and it would be unreasonable to proceed without it

- Is part of certain sensitive documents, such as those related to crime, immigration, legal proceedings or legal professional privilege, management forecasts, negotiations, confidential references, or exam scripts

If the request is unfounded or excessive, we may refuse to act on it, or charge a reasonable fee to cover administrative costs. We will take into account whether the request is repetitive in nature when making this decision.

When we refuse a request, we will tell the individual why, and tell them they have the right to complain to the ICO or they can seek to enforce their subject access right through the courts.

Other data protection rights of the individual

In addition to the right to make a subject access request (see above), and to receive information when we are collecting their data about how we use and process it (see section 7), individuals also have the right to:

- Withdraw their consent to processing at any time

- Ask us to rectify, erase or restrict processing of their personal data (in certain circumstances)

- Prevent use of their personal data for direct marketing

- Object to processing which has been justified on the basis of public interest, official authority or legitimate interests

- Challenge decisions based solely on automated decision making or profiling (i.e. making decisions or evaluating certain things about an individual based on their personal data with no human involvement)

- Be notified of a data breach (in certain circumstances)

Make a complaint to the ICO

Ask for their personal data to be transferred to a third party in a structured, commonly used and machine readable format (in certain circumstances)

Individuals should submit any request to exercise these rights to the DPO. If staff receive such a request, they must immediately forward it to the DPO.

Parental requests to see the educational record

Parents of children in maintained schools have the right of access to their child's educational record, free of charge, within 15 school days of a request.

However, there is no equivalent legal right for parents of pupils attending an academy, so parents of pupils in The Sovereign Trust academies do not have an automatic right to access their child's educational record. The Trust will decide on a case-by-case basis whether to grant such requests, and we will bear in mind guidance issued from time to time from the Information Commissioner's Office (the organisation that upholds information rights).

Charges will not be applied for supply of this data. Please refer to Section 9 of this document for guidance on how to apply to the Trust for data access via a Subject Access Request.

Biometric recognition systems

At present the Trust **does not and has no plans to** introduce any biometric recognition systems. If that changes in the future, the Trust will consult with parents prior to any such system being purchased and installed, amend this policy prior to the commissioning of the system and will ensure that the Trust operates in accordance with legislation current at the time.

CCTV

We use CCTV in various locations around the school site to ensure it remains safe. We will adhere to the ICO's [code of practice](#) for the use of CCTV.

We do not need to ask individuals' permission to use CCTV, but we make it clear where individuals are being recorded. Security cameras are clearly visible and accompanied by prominent signs explaining that CCTV is in use.

Any enquiries about the CCTV system should be directed to the schools Headteacher

Photographs and videos

As part of our school activities, we may take photographs and record images of individuals within our school. In our primary schools:

We will obtain written consent from parents/carers for photographs and videos to be taken of their child for communication, marketing and promotional materials. We will clearly explain how the photograph and/or video will be used to both the parent/carer and pupil.

Any photographs and videos taken by parents/carers at school events for their own personal use are not covered by data protection legislation. However, we will ask that photos or videos with other pupils are not shared publicly on social media for safeguarding reasons, unless all the relevant parents/carers have agreed to this.

In our Secondary schools:

We will obtain written consent from parents/carers, or pupils aged 18 and over, for photographs and videos to be taken of pupils for communication, marketing and promotional materials.

Where we need parental consent, we will clearly explain how the photograph and/or video will be used to both the parent/carer and pupil. Where we don't need parental consent, we will clearly explain to the pupil how the photograph and/or video will be used.

Any photographs and videos taken by parents/carers at school events for their own personal use are not covered by data protection legislation. However, we will ask that photos or videos with other pupils are not shared publicly

on social media for safeguarding reasons, unless all the relevant parents/carers (or pupils where appropriate) have agreed to this.

Where the school takes photographs and videos, uses may include:

Within school on notice boards and in school magazines, brochures, newsletters, etc. Outside of school by external agencies such as the school photographer, newspapers, campaigns Online on our school website or social media pages

Consent can be refused or withdrawn at any time. If consent is withdrawn, we will delete the photograph or video and not distribute it further.

When using photographs and videos in this way we will not accompany them with any other personal information about the child, to ensure they cannot be identified.

Data protection by design and default

We will put measures in place to show that we have integrated data protection into all of our data processing activities, including:

Appointing a suitably qualified DPO, and ensuring they have the necessary resources to fulfil their duties and maintain their expert knowledge

Only processing personal data that is necessary for each specific purpose of processing, and always in line with the data protection principles set out in relevant data protection law (see section 6)

Completing data protection impact assessments where the school's processing of personal data presents a high risk to rights and freedoms of individuals, and when introducing new technologies (the DPO will advise on this process)

Integrating data protection into internal documents including this policy, any related policies and privacy notices

Regularly training members of staff on data protection law, this policy, any related policies and any other data protection matters; we will also keep a record of attendance

Regularly conducting reviews and audits to test our privacy measures and make sure we are compliant

Appropriate safeguards being put in place if we transfer any personal data outside of the UK, where different data protection laws may apply

Maintaining records of our processing activities, including:

- For the benefit of data subjects, making available the name and contact details of our school and DPO and all information we are required to share about how we use and process their personal data (via our privacy notices)
- For all personal data that we hold, maintaining an internal record of the type of data, type of data subject, how and why we are using the data, any third-party recipients, any transfers outside of the UK and the safeguards for those, retention periods and how we are keeping the data secure

Data security and storage of records

We will protect personal data and keep it safe from unauthorised or unlawful access, alteration, processing or disclosure, and against accidental or unlawful loss, destruction or damage.

In particular:

Paper-based records and portable electronic devices, such as laptops and hard drives that contain personal data, are kept under lock and key when not in use

Papers containing confidential personal data must not be left on office and classroom desks, on staffroom tables, or left anywhere else where there is general access

Where personal information needs to be taken off site, staff must sign it in and out from the school office

Passwords that are at least 10 characters long containing letters and numbers are used to access school computers, laptops and other electronic devices. Staff and pupils are reminded that they should not reuse passwords from other sites

Encryption software is used to protect all portable devices and removable media, such as laptops and USB devices

Staff, pupils or governors who store personal information on their personal devices are expected to follow the same security procedures as for school-owned equipment (see our ICT and Internet acceptable use policy)

Where we need to share personal data with a third party, we carry out due diligence and take reasonable steps to ensure it is stored securely and adequately protected (see section 8)

Disposal of records

Personal data that is no longer needed will be disposed of securely. Personal data that has become inaccurate or out of date will also be disposed of securely, where we cannot or do not need to rectify or update it.

For example, we will shred or incinerate paper-based records, and overwrite or delete electronic files. We may also use a third party to safely dispose of records on the school's behalf. If we do so, we will require the third party to provide sufficient guarantees that it complies with data protection law.

Personal data breaches

The school will make all reasonable endeavours to ensure that there are no personal data breaches. In the unlikely event of a suspected data breach, we will follow the procedure set out in appendix 1.

When appropriate, we will report the data breach to the ICO within 72 hours after becoming aware of it. Such breaches in a school context may include, but are not limited to:

- A non-anonymised dataset being published on the school website which shows the exam results of pupils eligible for the pupil premium

- Safeguarding information being made available to an unauthorised person

- The theft of a school laptop containing non-encrypted personal data about pupils

Training

All staff and governors are provided with data protection training as part of their induction process.

Data protection will also form part of continuing professional development, where changes to legislation, guidance or the school's processes make it necessary.

Monitoring arrangements

The DPO is responsible for monitoring and reviewing this policy.

This policy will be reviewed annually and approved by the full governing board.

Links with other policies

This data protection policy is linked to our:

- Freedom of information publication scheme

- ICT and Internet Acceptable Use Policy

- CCTV Policy

Appendix 1: Personal data breach procedure

This procedure is based on [guidance on personal data breaches](#) produced by the Information Commissioner's Office (ICO).

On finding or causing a breach, or potential breach, the staff member, governor or data processor must immediately notify the data protection officer (DPO) by completing a form in the Trusts web based GDPRiS compliance tool.

The DPO will investigate the report, and determine whether a breach has occurred. To decide, the DPO will consider whether personal data has been accidentally or unlawfully:

- Lost
- Stolen
- Destroyed
- Altered
- Disclosed or made available where it should not have been
- Made available to unauthorised people

Staff and governors will cooperate with the investigation (including allowing access to information and responding to questions). The investigation will not be treated as a disciplinary investigation

If a breach has occurred or it is considered to be likely that is the case, the DPO will alert the headteacher and the chair of governors

The DPO will make all reasonable efforts to contain and minimise the impact of the breach. Relevant staff members or data processors should help the DPO with this where necessary, and the DPO should take external advice when required (e.g. from IT providers). (See the actions relevant to specific data types at the end of this procedure)

The DPO will assess the potential consequences (based on how serious they are and how likely they are to happen) before and after the implementation of steps to mitigate the consequences

The DPO will work out whether the breach must be reported to the ICO and the individuals affected using the ICO's [self-assessment tool](#)

The DPO will document the decisions (either way), in case the decisions are challenged at a later date by the ICO or an individual affected by the breach. Documented decisions are stored in the Trusts web based GDPRiS compliance tool.

Where the ICO must be notified, the DPO will do this via the ['report a breach' page](#) of the ICO website, or through its breach report line (0303 123 1113), within 72 hours of the school's awareness of the breach. As required, the DPO will set out:

- A description of the nature of the personal data breach including, where possible:
 - The categories and approximate number of individuals concerned
- The categories and approximate number of personal data records concerned
- The name and contact details of the DPO
- A description of the likely consequences of the personal data breach
- A description of the measures that have been, or will be taken, to deal with the breach and mitigate any possible adverse effects on the individual(s) concerned

If all the above details are not yet known, the DPO will report as much as they can within 72 hours of the school's awareness of the breach. The report will explain that there is a delay, the reasons why, and when the DPO expects to have further information. The DPO will submit the remaining information as soon as possible

Where the school is required to communicate with individuals whose personal data has been breached, the DPO will tell them in writing. This notification will set out:

- A description, in clear and plain language, of the nature of the personal data

breach · The name and contact details of the DPO

- · A description of the likely consequences of the personal data breach
- · A description of the measures that have been, or will be, taken to deal with the data breach and mitigate any possible adverse effects on the individual(s) concerned

The DPO will consider, in light of the investigation and any engagement with affected individuals, whether to notify any relevant third parties who can help mitigate the loss to individuals – for example, the police, insurers, banks or credit card companies

The DPO will document each breach, irrespective of whether it is reported to the ICO. For each breach, this record will include the:

- · Facts and cause
- · Effects
- · Action taken to contain it and ensure it does not happen again (such as establishing more robust processes or providing further training for individuals)

Records of all breaches will be stored in the Trusts web based GDPRiS compliance tool.

The DPO and headteacher will meet to review what happened and how it can be stopped from happening again. This meeting will happen as soon as reasonably possible

The DPO and headteacher will meet regularly to assess recorded data breaches and identify any trends or patterns requiring action by the school to reduce risks of future breaches

Actions to minimise the impact of data breaches

We set out below the steps we might take to try and mitigate the impact of data breaches if they were to occur, focusing especially on breaches involving particularly risky or sensitive information. We will review the effectiveness of these actions and amend them as necessary after any data breach.

Sensitive information being disclosed via email (including safeguarding records)

If special category data (sensitive information) is accidentally made available via email to unauthorised individuals, the sender must attempt to recall the email as soon as they become aware of the error

Members of staff who receive personal data sent in error must alert the sender and the DPO as soon as they become aware of the error

If the sender is unavailable or cannot recall the email for any reason, the DPO will ask the ICT department to attempt to recall it from external recipients and remove it from the school's email system (retaining a copy if required as evidence)

In any cases where the recall is unsuccessful or cannot be confirmed as successful, the DPO will consider whether it's appropriate to contact the relevant unauthorised individuals who received the email, explain that the information was sent in error, and request that those individuals delete the information and do not share, publish, save or replicate it in any way

The DPO will endeavor to obtain a written response from all the individuals who received the data, confirming that they have complied with this request

The DPO will carry out an internet search to check that the information has not been made public; if it has, we will contact the publisher/website owner or administrator to request that the information is removed from their website and deleted

Appendix 2 – Subject Access Request Form

The Data Protection Act 2018 provides you, the data subject, with a right to receive a copy of the data/information we hold about you or to authorise someone to act on your behalf. Please complete this form if you wish to make a request for your data. Your request will normally be processed within one calendar month upon receipt of a fully completed form and proof of identity.

Proof of Identity

We require proof of your identity before we can disclose personal data. Proof of your identity should include a copy of a document such as your birth certificate, passport, driving licence, official letter addressed to you at your address e.g., bank statement, recent utilities bill or council tax bill. The document should include your name, date of birth and current address. If you have changed your name, please supply relevant documents evidencing the change.

Section 1

Please fill in the details of the data subject (i.e., the person whose data you are requesting). If you are not the data subject and you are applying on behalf of someone else, please fill in the details of the data subject below and not your own.

Title	
Surname/Family Name	
First Name(s)/ Forename	
Date of Birth	
Address	
Post Code	
Phone Number	
Email address	

I am enclosing the following copies as proof of identity (please tick the relevant box):

- ☐ Birth certificate
- ☐ Driving licence
- ☐ Passport
- ☐ An official letter to my address

Personal Information

If you only want to know what information is held in specific records, please indicate in the box below. Please tell us if you know in which capacity the information is being held, together with any names or dates you may have. If you do not know exact dates, please give the year(s) that you think may be relevant.

Details:

Employment records:

If you are, or have been employed by the School and are seeking personal information in relation to your employment please provide details of your staff number, unit, team, dates of employment etc.

Details:

Section 2

Please complete this section of the form with your details if you are acting on behalf of someone else (i.e., the data subject).

If you are **NOT** the data subject, but an agent appointed on their behalf, you will need to provide evidence of your identity as well as that of the data subject and proof of your right to act on their behalf.

Title	
Surname/ Family Name	
First Name(s)/Forenames	
Date of Birth	
Address	
Post Code	
Phone Number	

I am enclosing the following copies as proof of identity (please tick the relevant box):

- ☐ Birth certificate
- ☐ Driving licence
- ☐ Passport
- ☐ An official letter to my address

What is your relationship to the data subject? (e.g., parent, carer, legal representative)

I am enclosing the following copy as proof of legal authorisation to act on behalf of the data subject:

- ☐ Letter of authority
- ☐ Lasting or Enduring Power of Attorney
- ☐ Evidence of parental responsibility
- ☐ Other (give details):

Section 3

Please describe as detailed as possible what data you request access to (e.g., time period, categories of data, information relating to a specific case, paper records, electronic records).

I wish to:

- ☐ Receive the information by post*
- ☐ Receive the information by email
- ☐ Collect the information in person
- ☐ View a copy of the information only
- ☐ Go through the information with a member of staff

*Please be aware that if you wish us to post the information to you, we will take every care to ensure that it is addressed correctly. However, we cannot be held liable if the information is lost in the post or incorrectly delivered or opened by someone else in your household. Loss or incorrect delivery may cause you embarrassment or harm if the information is 'sensitive'.

Please send your completed form and proof of identity by email to:
hr@thesovereigntrust.uk
