# Floppy's Phonics Teaching Sequence

This document is an overview of the Floppy's Phonics Teaching Programme Levels designed to be a 'quick-look' guide to which books can be used for each level. It highlights the connections and overlaps between Letter & Sounds Phases, Book Banding and ORT colour bands.

From Level 1+ each page shows:

- Link to Letters & Sounds Phase (and overlaps), links between old ORT colour bands and respective Book Band colour – all books at Pictor now banded by Book Bands.
- Floppy's Phonics Sequence of sounds – *linked to online resources and planning*.
- Each Level has **3 types of book**: '**Sounds books**' and '**Decoding Practice**' books to support direct teaching, and ***Floppy's Fiction***\* or ***Traditional Tales***\* books, which are fully decodable to allow confidence in wider reading opportunities using known GPCs.

\* Children will need to access Floppy's Fiction and Traditional Tales books at a lower level than currently being focused on in direct Phonics teaching – i.e. if teaching at Level 3 then use books from Level 2 to ensure confidence in consolidation \*

\*\* This will also be the case for any books used as for wider reading enrichment (other banded books in the library which are not part of direct Floppy's Phonics programme) \*\*

# Lateral Progression at Level 1 and/ or above

We have variety of resources to support different learning styles & teaching approaches required, including the use of a variety of AAC (*Augmentative and Alternative Communication*) which will be guided by Speech Therapy input. These factors must be considered in order to enable the communication development which will be needed to share phonic awareness or understanding.

As children may be working at this level over longer periods we have additional resources to provide variety in order to maintain interest and engagement.
